

XL Sport Rolls

SPORT ROLLS THAT ARE IMMUNE TO MOISTURE, ROT PROOF, HARD-WEARING AND VERSATILE

The XL Sport Rolls are manufactured from predominantly recycled black rubber crumb from truck tires, the coloured options have a percentage of new EPDM added to the mix. As a result of exclusively using truck tires this flooring has a very fine and smooth surface. Our highly compact and maximally robust rubber floor covering is immune to moisture and water, rot proof, elastic, insulates against impact sound and is suitable for a vast range of applications.
