IDEAL FOR

Free Weight areas

CUSTOMIZED PLATFORM SPECIFICATION

Our Customized Platforms feature a 2mm vinyl wear layer, and this is fully customizable. The wear layer is bonded to a structural plywood layer and this is built up to provide the relevant thickness. The platforms are available in standard sizes and are also made to measure to suit any space.

- Consistent force reduction
- No gluing required
- Copes well with challenging sub floors
- Uniform elasticity
- Highly resilient wear layer
- Slip reduction
- Low maintenance and easy to clean
- Customizable with logos and functional markings
